About Me

I am a front-end developer with experience in HTML, CSS, SCSS and responsive web design. I have expertise in JavaScript and its frameworks such as React.js, Redux Toolkit, Redux Thunk and React Query. I am also proficient in TypeScript and Next.js. My skills include using Bootstrap for front-end development, Axios for API calls and Gulp.js/Webpack for task automation. In addition to my technical skills, I am fluent in Uzbek (C1), Russian (B2) and English (B1). I have worked on several projects including react-pizza, ifilm, floristman and yapon.
